*Own property in a
Giant Sequoia
grove!!!*

This very buildable lot is located in Sequoia Crest, which is in the Alder Creek Giant Sequoia grove. There was a cabin but it was lost in the Castle Fire. This lot is relatively flat and at the beginning of the Sequoia Crest subdivision so it is very accessible, even in winter. Power, water, and Internet are available at the street. The property has a paved circular driveway and had a new septic and leach field installed in 2012 though its current condition is unknown. Though many of the giants in the grove were lost in the Castle Fire, many remain untouched, including the Stagg Tree -- the fifth largest tree in the world -- which is within walking distance of the community of Sequoia Crest. There are views of mountains and giant sequoias from this property and there are a few baby giant sequoia trees on the lot -- call today!
