List of Giant Sequoia Groves in California

This list is intended to serve as a guide to where to find Giant Sequoias in California with the Sequoia NF Lake Isabella Visitor Center as the starting point. There are approximately 35,000-38,000 acres of giant sequoias in the Sierra Nevada; most of these are in Tulare County. Many groves are accessible via paved road, although most are subject to winter road closures. Contact the agency listed to learn of current conditions. **Bold type** means the grove is open year-round. *Italicized type* means groves are accessible via paved road. All mileages are approximate.
