This large, very buildable Cedar Slope lot has access from two sides and great mountain views! It had a cabin but it was lost in the Castle Fire. If you are looking to build on the mountain, this lot could give you a great head start as it has a driveway and a flat building area and there is power and water to the lot, as well as a septic tank (buyer to verify usability of all utilities). Don't miss out on this one - call today!
